THE VERNON RECORD

VOLUME NO. 11

VERNON, WILBARGER COUNTY, TEXAS, JULY 18, 1919

NUMBER 53

TUESDAY HOTTEST DAY THIS SUMMER; TEMPERATURE 105

Vernon Apparently Holds Record for North and West Texas This Week—Paris Hottest in Fort Worth District With Mercury at 105—Rain Cools Atmosphere.

Tuesday was the hottest day of the summer in Vernon. With little breeze, and under the insistent urging of "Old Sol" the mercury in the official weather thermometer of J. R. Renfro climbed up to 105 degrees. The thermometer in front of Mr. Renfro's hardware store registered somewhat higher, as did a number of others.

The whole country seems to have sweltered in heat Tuesday. Fort Worth "grew peevish and became perspired by nightfall," says the Star-Telegram. "It wasn't imagination on anyone's part that Tuesday night was the hardest we've had this year from a weather standpoint," Forecaster D. S. Landis adds.

At 8 o'clock Tuesday night the temperature in Fort Worth was 94. That is about what it registered in Vernon, until near midnight, when a breeze sprang up.

Paris is reported as the hottest spot in the Fort Worth district during the twenty-four hours, with a temperature of 104, and at Henrietta the thermometer showed 102. This is the temperature in Vernon July 10 and 11, which days were the hottest of the summer before Tuesday.

Yesterday the temperature was only 74. The rainfall amounted to about three-fourths of an inch. It was general over the county, and seems to have been much heavier in Wichita county between Electra and Wichita Falls.

CHURCH OF CHRIST HAS PICNIC.

Elder Foy E. Wallace, Former Pastor, Is Guest of Honor at Outing Tuesday Night.

About sixty-five members of the local congregation of the Church of Christ were present at a picnic at Oton Springs Tuesday night. The outing was given in honor of Elder Foy E. Wallace, formerly pastor of the local church, but at present living in Temple.

Elder Wallace visited friends in Vernon Tuesday, after having closed a successful meeting at Roaring Springs Sunday night. He left Wednesday for Clarendon to open a series of meetings there, beginning Wednesday night.

Loads Household Goods for Wichita.

C. E. Basham, vice president of the National Bank of Commerce in Wichita Falls, was in Vernon the first of this week to see about shipping his household goods. The car was loaded, but has not yet been shipped out. Mrs. Basham and daughters are waiting until the car is sent before they go to Wichita Falls. Mr. Basham was until recently cashier of the Waggoner National Bank of Vernon.

Man Moving to Wichita.

\$1.50 S. Trevathan expects to re-
\$2.00 S. Falls today. She came
\$2.50 S. this week to see after
\$3.00 S. sold effects to the
S. where the family will
until fall, at least. If the oil
boom strikes Vernon, Mrs. Trevathan
says they will perhaps return here.
Mr. Trevathan was in the grocery
business here until June 1.

Altus Man Moving to Vernon.

Blackwood, Larimore & Oats negotiated a real estate deal this week whereby Ernest Vernon of Altus, Okla., becomes owner of a residence in South-western Vernon formerly belonging to W. O. Anderson. Mr. Vernon has accepted a position with the H. C. Russell & Son dry goods store and will occupy the new property as a home.

Dixon Goes to New York Market.

J. A. Dixon of the Dixon Dry Goods Company and J. F. Graham of the Dixon-Kennedy Company of Chillicothe left Monday night for New York and other markets to purchase their fall stocks.

Returned Soldier Visiting Sister.

Fred Heyser, just returned from service in France, is visiting his sister, Mrs. W. J. Stewart. Mr. Heyser's home is in Callahan county.

VERNON MEN HAVE 5,000 ACRES FOR OIL TEST IN FOARD

L. E. Key and J. D. Key Will Sink Well 3,500 Feet if Necessary to Get Pay Sand—Hope to Begin Work on Derrick Next Week—Will Not Organize Company.

L. E. and J. D. Key are behind an organization that proposes to drill for oil on acreage in Wilbarger and Foard counties several miles south of Rayland. The promoters hold leases on 5,000 acres and proposes to begin drilling operations at least by September 1. The well will be drilled to a depth of 3,500 feet unless oil or gas in paying quantities is found at a lesser depth. It is hoped that the work of placing material for the derrick on the ground will be commenced next week. The well will be located in Foard county but the exact site has not been announced.

Key Bros. do not anticipate organizing a company on this acreage, the leases having been obtained as consideration for a well. They have great faith in that territory and intend to give it a thorough test. Several geological reports have been obtained, all of which are very favorable.

These men are behind the Burk-Key Company in the Burkburnett field, and the West Vernon Oil Company. J. D. Key recently resigned as sheriff.

WAS ON BURNING ELECTRIC CAR.

N. B. Hodge Has Exciting Experience on Fort Worth-Dallas Interurban.

N. B. Hodge returned Thursday morning from a business trip to Fort Worth and Dallas. Mr. Hodge was on the interurban car that was destroyed by fire about a mile east of Arlington on the Fort Worth-Dallas interurban line Tuesday night.

The car was en route to Dallas and the accident was caused, he said, by running into contact with some electric cable that had been in some way loosened and was hanging low. Fortunately the passengers were few and were able to stand on the rubber insulation mat in the aisle without being crowded. The conductor ordered all to stand in the aisle and not touch the seats when he realized the danger of passing near the cables, Mr. Hodge added.

After the car was ignited passengers were able to escape by means of insulated mats. After being emptied of passengers the car in some way got from under control of the breaks and moved off down the track at rapid pace. It was derailed, however, before any damage was done by collision. Mr. Hodge characterized the escape of the passengers, most of whom were women and children, from the car as little less than a miracle.

Mrs. Thos. Champion, formerly of Vernon, but whose home is now in Dallas, was also a passenger on the car.

ROBERT T. WILSON IS MANAGER.

Vernon Boy Is Made Head of C. D. Shamburger Lumber Yard at Electra.

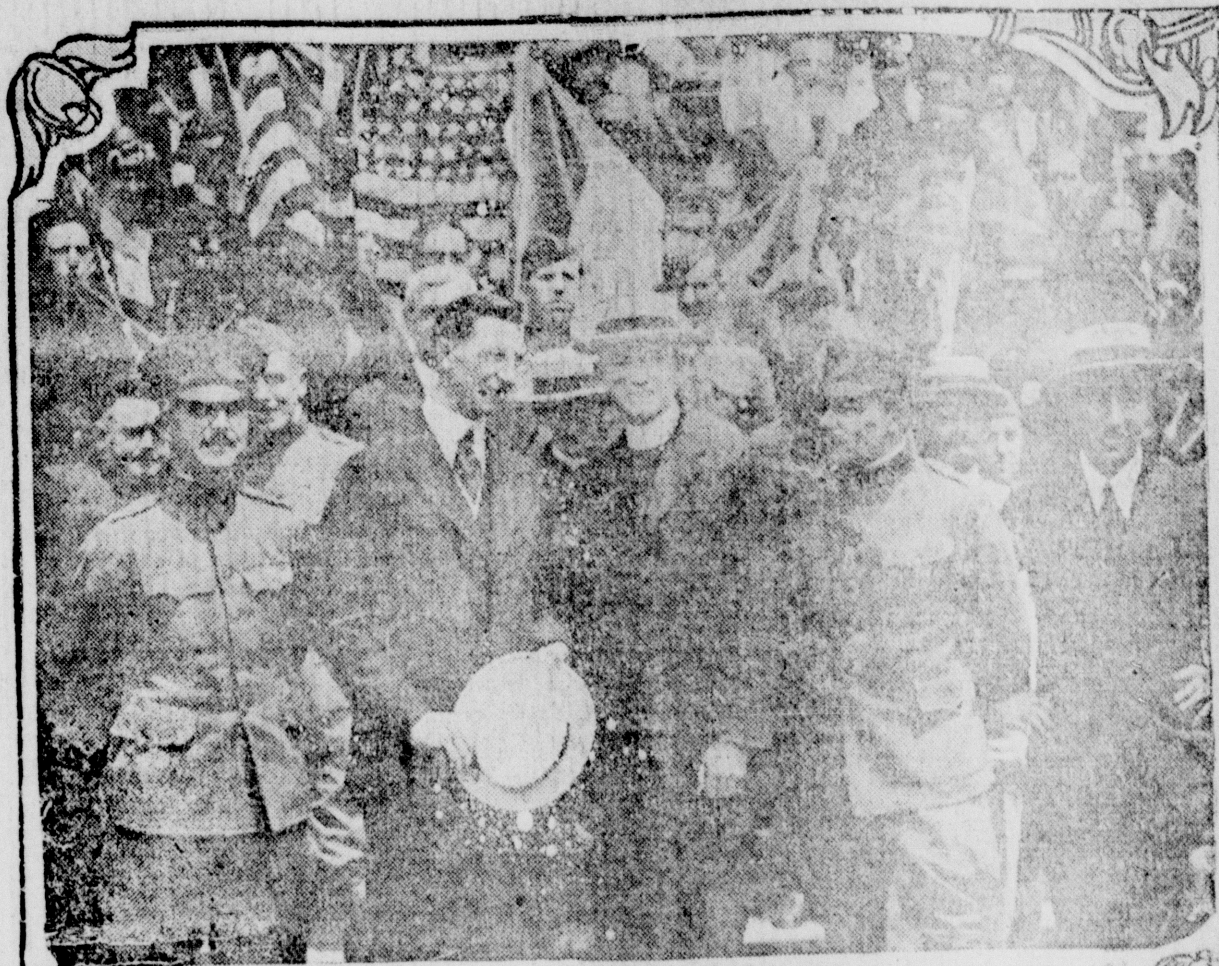

Robert T. Wilson, son of Mrs. Elizabeth C. Wilson, residing at West Texas street, was appointed manager last week of the C. D. Shamburger lumber yard at Electra. He succeeds Mr. Ragland, who is retiring from the lumber business.

Mr. Wilson was employed by Mr. Shamburger as assistant manager in his yard here for some five years and had charge of the business while Manager Hub Colley was absent in the service of the United States Navy. He accepted a position as assistant manager of the Electra yard six months ago.

Returns From Lampasas.

Mr. and Mrs. R. H. Nichols, little daughters, Mary and Alene, and R. L. Nichols, returned yesterday from an automobile trip to Fort Worth and Lampasas. Heavy rains prevented their going on to Corpus Christi. R. B. Nichols, who went with them, did not return, having accepted a position with the American Railway Express Company in Houston. They held a family reunion.

PRESIDENT OF IRISH REPUBLIC.

EAMONN DE VALERA AND FATHER DUFFY AT CITY HALL.

DALLAS MEN OPEN OFFICE IN VERNON

G. R. HALE AND A. ENGLEHARD SAY SHOULD GET READY FOR BOOM.

G. R. Hale and A. Englehard, both of Dallas, have moved to Vernon and established a real estate and lease business with office in the room just south of the Farmers State Bank occupied by the Wilbarger County Abstract Company. They have resided in Dallas for some time and were attracted to Vernon, they said, by the wonderful resources of Wilbarger county, both in the matter of agriculture and oil.

"Vernon is one of the prettiest residence towns in the state," the former Dallas men declare, "and has unlimited possibilities. We find here some of the best agricultural land we have ever seen. It seems probable that the oil fields in the eastern portion of the county will be extended well over the entire county. With agriculture and oil, what more can be asked. The thing for the residents of Vernon to do now is to read the signs of the times and prepare for the boom that is sure to come some time within the near future."

MAJOR MCKINNEY EXPECTED.

Vernon Soldier Who Was Wounded on Italian Front Has Landed at Newport News.

Major C. F. McKinney has landed at Newport News and is expected home some time within the next few days. He has written his parents, Mr. and Mrs. S. P. McKinney on West Wilbarger street, of his arrival in the States and that he would perhaps reach Vernon within a short time, but did not state whether he would be discharged or merely on a furlough.

Major McKinney was for some time commander of a battalion on the Italian front and was severely wounded in action. He had a marvelous escape from death when a piece of shrapnel passed through his neck.

Buys Yamparika Street Home.

C. J. Farrell has bought the residence on West Yamparika street occupied by J. W. Hodges and formerly owned by Carey Clement of Plymouth, Texas. The Vernon Realty Company handled the deal. Mr. Farrell expects to have the house remodeled.

Soldier Day at Tolbert.

The Tolbert Baptist Church will have a "Soldiers Day" Sunday. Men who were in training camps or in France, are specially invited. There will be an all-day meeting with dinner on the ground. Every one is invited to come and bring a well filled basket.

W. M. PARKS CLAIMS RECORD MILK COW

VERNON MAN SAYS 30 GALLONS AND 16 POUNDS BUTTER ONE WEEK.

Thirty gallons of butter milk and ten pounds of butter in one week is the record of a cow owned by W. M. Parks. In addition to this, the family of two was supplied with milk and butter. Mr. Parks believes this is the record for Wilbarger county.

During thirty days the cow produced enough milk for Mr. Parks to sell 105 gallons of butter milk and 30 pounds of butter, after supplying the family. The cow was milked three times a day. Her feed consisted of cotton seed hulls and meal, wheat bran and alfalfa hay.

Mr. Parks' cow is half Jersey and half Holstein. She is six years old of medium size, but with an enormous barrel and large udder. Her color is light brown with patches of black, denoting the Holstein blood.

FORMER VERNON BOY TO WED.

Captain Horace E. Westmoreland and Miss Flora Connolly of Clarendon Will Marry.

Mrs. J. E. Collins and daughter, Frances, have gone to Clarendon to attend the wedding of their son and brother, Captain Horace Westmoreland, to Miss Flora Connolly. Captain Westmoreland was born and reared in Vernon. He served overseas, receiving a commission in the Air Service at Kelly Field in 1917. His captaincy was given in 1918.

Mrs. Connolly taught school in Vernon two years ago, when the acquaintance was formed, resulting in the romance. She is a daughter of Mr. and Mrs. Tom Connolly, a family prominent in social and business circles of Clarendon.

After the wedding at 9 o'clock Saturday morning, the couple will leave for Denver, Colo., where they will spend their honeymoon. They will live in Dallas, where Captain Westmoreland has a position as traveling salesman.

Two Tractors Are Sold.

Napier Bros. Ford and Motor Agency reports the sale of Fordson tractors to C. L. Greene and I. G. Shivers. Ben Vaughn, O. R. Key, J. T. Cabe, and C. A. Anderson bought Maxwell trucks from Works Auto & Supply Company. The same firm sold Maxwell touring cars to J. D. Sharp, and J. Y. L. Wilson and a Mitchell to Ed Krebs. The Vernon Hardware & Implement Company report the sale of Oakland touring cars to W. M. McCaleb, T. R. Parker and Claude Turley.

TEST FOR OIL NEAR DOANS SPUDED IN BY NEIL-HAMILTON

Burk-Waggoner Company Has Drilling Contract for This and Vernon Oil Development Well Which Will Be Started in Few Days—Slush Pit Dug on W. M. McCaleb Farm for Well No. 4.

Machinery for the Neil-Hamilton test near Doans has arrived and the well was spudded in Tuesday. All possible haste in reaching completion is promised by the Burk-Waggoner Company of Wichita Falls, which organization has the drilling contract.

The same company has the contract to drill the Vernon Oil Development Company well, three and a half miles southwest of Vernon. The last of the machinery for this test is expected to arrive within the next few days and the work of spudding in will be rushed, the drillers promise.

E. A. C. Elliot, superintendent of the operations on the Robinson & Harrington well No. 4, located on J. P. McCaleb place near Doans, announces that the cellar and slush pit have been dug and if the casing arrives this well will be spudded in by the middle of next week.

Drilling has already started on McCaleb No. 1, using 15-inch casing. Robinson & Harrington say they expect to make a test for the deep sand, going 3,500 feet if necessary, unless oil in paying quantities is found in some of the shallower sands.

TOURIST TRAFFIC HEAVY.

Train Through Vernon Each Morning to Denver Carries Second Section.

So great is the tourist traffic over the Fort Worth & Denver road to points in Colorado and California that the officials have found it necessary during the last few days to add an extra section to passenger train No. 7, due to arrive in Vernon at 5:40 a. m. The second section is composed of through sleepers. The extra train is not being run regularly, however, but only two or three times a week. Mr. Wheeler is not sure whether the addition will be made permanent.

Tourist traffic from Vernon this season has been unusually heavy, the local agent said, with indications for an increase later on. The record of ticket sales shows more tourists tickets to have been sold this year than for many years. The railroads are receiving their proportionate share of the benefits of the splendid financial conditions of this country.

OKLAHOMAN EN ROUTE HERE COMPLAINS OF LOSING \$12

J. P. Montgomery of Waurika, Okla., was robbed of \$12 while en route to Vernon, according to complaint filed upon arrival here. Mr. Montgomery was coming to visit his niece, Mrs. J. W. Hodges.

The money was in bills and in a purse which Mr. Montgomery believes was slipped from his pocket. He is not certain where the alleged theft occurred, but believes it was either while the train was stopped at Wichita Falls or just before it reached this city.

Local officers are working on the case.

Rev. Hall Spends Day in Vernon.

Rev. Gaines B. Hall arrived in Vernon Tuesday to spend a day or two on business. Rev. Hall, who is pastor of the Presbyterian Church, is taking a month's vacation at the solicitation of his congregation. He has been on an outing on a river near Graham and will leave in a few days for a fishing trip to the San Saba country. He reports big catches, but doesn't show any fish.

Davidson Couple Marries Here.

J. H. Hefner and Miss Mary Black were united in marriage yesterday morning in the office of the justice of the peace. Squire T. J. Griffiths performed the ceremony. The contracting parties are from Davidson, Okla., and the bride is a daughter of Mr. and Mrs. W. H. Black. They will make their home in Vernon for the present.

OATS THRESH WELL REPORTS INDICATE AROUND LOCKETT

Fields of Will Anderson and Ben Lowe Yield 65 Bushels to an Acre—Wheat Crop Turning Out Equally Favorable—Rains This Week Benefit Row Crops Materially.

The oat crop around Lockett is better than for the last ten years according to reports from farmers living in that community. Will Anderson had twenty acres from which he threshed an average of sixty-five bushels to an acre. The grain tested thirty-four pounds to the bushel. Ben Lowe, one of Mr. Anderson's neighbors, had about the same acreage which also yielded sixty-five bushels and tested thirty-four pounds.

The wheat crop is turning out equally as favorable, the farmers say. Row crops are in good condition and especially have cotton grown since the last two or three weeks of hot weather. Some of the late corn was beginning to suffer and was greatly benefited by the showers, Wednesday and Thursday.

BLEDSE IN LEAD FOR SENATE.

Reports From Rural Districts on Monday's Election Are Hard to Get.

Reports from over the 29th Senatorial District indicate that W. H. Bledsoe of Lubbock, maintains a substantial lead over his opponent, R. L. Templeton of Wellington, in the race for the State Senate to succeed the late Senator W. S. Bell, deceased. The election was held Monday.

Little interest was manifested by the voters and voting was extremely light in all sections. The complaint is general that a great deal of trouble is being experienced in obtaining reports from the rural boxes.

Only nine boxes in Wilbarger county held the election. They were: West Vernon, East Vernon, Oklaunion, Highland, Farmers Valley, Hinds, Doans, Guyer and Fargo. No reports are available from the last three boxes. The other six boxes gave Bledsoe 79 and Templeton 55.

HOLLEY'S TO OPEN RESTAURANT.

Modern Cafe in Kinchloe Building Will Be Ready for Business Tuesday.

Henry and Raymond Holley have rented one of the Kinchloe buildings on West Peace and are making arrangements to open a modern restaurant and cafe. They anticipate being ready for business Tuesday. The new enterprise will be known as Holley's Cafe.

Henry Holley was for eight years engaged in the restaurant business at Wichita Falls and other points but recently has been employed in Pete Baker's barber shop. Raymond recently resigned a position with the White Rose Cafe.

Will Attend Short Course.

County Agent N. R. Tisdal will leave tonight and Home Demonstrator Miss Ophelia Wilcox will leave Sunday for College Station to attend an agents and demonstrators convention to be held at the Farmers Short Course which will be in session all next week. Miss Wilcox will spend a week at College Station, and then go to her home in Montgomery for a visit. Her sister, Miss Gene Wilcox, will return to her home tonight, after a visit in Vernon.

Will Move to Vernon.

J. C. Duncan of St. Joseph, Mo., is in Vernon making arrangements to move his family to Vernon at an early date. Mr. Duncan is traveling salesman for the Wyeth Hardware Company of St. Joseph and expects to make this city his headquarters.

To Market in New York City

Miss J. L. Murray left Wednesday for New York to purchase her fall stock of ready-to-wear and millinery. Mrs. Bess Osborn will leave next week to join Miss Murray in St. Louis. Miss Murray was accompanied by Miss Annab Joe Pendleton.

Would Give Five

Dollars a Bottle

Railway Superintendent Says Tanlac Helped Him to Hold His Job.

"I would give five dollars a bottle for Tanlac before I would be without it," said Joe Owens, division superintendent of the Memphis Street Railway whose address is Box 131, Memphis, Tenn.

"I was getting in mighty bad shape with stomach trouble," he continued, "and was all broken down and tired out. I was so nervous and had such awful headaches that I could hardly sleep or rest; I could eat but little of anything, for nothing agreed with me; I was simply down and out and don't believe I could have kept my job much longer if I hadn't got hold of Tanlac."

"Since starting on Tanlac I have gained five pounds. I eat and sleep just fine and it has strengthened me up and made me feel so much better every day that I can't say enough in its praise."

Their Medicine Chest For 20 Years

It is characteristic of folks after they pass the allotted "three score years and ten" to look back over the days that are gone and thoughtfully live them over.

I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

For many years while I was perfecting my formula I studied and investigated the laxatives and cathartics on the market and became convinced that their main fault was not that they did not act on the bowels, but that their action was too violent and drastic, and upset the system of the user.

I believed that a preparation to produce the best effect must first tone the liver, then act on the stomach and entire alimentary system. If this was accomplished, the medicine would produce a mild, but thorough elimination of the waste without the usual sickening sensations, and make the user feel better at once.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as **Nature's Remedy**, which I truly believe goes further

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of **Nature's Remedy** as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

My knowledge of medicine and the results of its use in my own family and among my friends, before I ever offered it for sale, caused me to have great faith in **Nature's Remedy** from the very first.

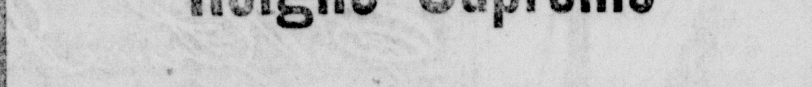

And now as I find myself nearing the age when I must bow to the inevitable and go to another life, my greatest pleasure is to sit each day and read the letters that each man brings from people as old or older than I, who tell of having used **Nature's Remedy** for ten, fifteen and twenty years, and how they and their children and grandchildren have been benefited by it.

It is a consoling thought, my friends, for a man at my age to feel that aside from his own success, one has done something for his fellow man. My greatest satisfaction, my greatest happiness today, is the knowledge that tonight more than one million people will take a **Nature's Remedy** (NR Tablet) and will be better, healthier, happier people for it. I hope you will be one of them.

Prosperity Reigns Supreme

General rains over the county during the last two or three days has practically assured Wilbarger county of bumper yields from all crops. The county has been blessed with favorable weather for harvesting and threshing a record yield of grain, and refreshing rains fell in the nick of time to prevent any considerable damage to corn and cotton. Wilbarger county has been doubly blessed and prosperity reigns supreme. Yet in spite of the splendid financial condition we are still operating at a minimum expense and giving our customers the advantage of the saving. BILL TODD

Defective From Birth

During childhood, up to about twelve years of age, the eyesight steadily increases in power. After that age a decline sets in, and it is only when adult life has been reached that many defects are discovered, though they may have existed from birth.

TRYING TO THE EYES.

It is from the teens onward that the really trying work is begun, and as the sight is at the same time diminishing in power, defects are then liable to cause trouble.

AS YOU GROW OLDER

the first hint will probably come in the realization that close work by artificial light has become irksome. Slight fatigue of the eyes may be felt—and prolonged work will probably cause severe headache next day.

YOU MAY NOTICE

in working, an unaccustomed weariness will be felt, and a desire to close the eyes for a rest will need fighting against. In reading, the print may suddenly become confused for a moment—and become clear again after closing the eyes for a second or so. Vision still remains clear and good, but the little discomforts enumerated show that the time has arrived when Spectacles are necessary to relieve the strained eyes.

SAYS UNDERTAKING CHURCH'S GREATEST

REV. HENRY F. BROOKS TELLS OF
WORLD'S FAIR AT COLUM-
BUS, OHIO.

"The greatest enterprise ever undertaken by the Christian Church" is the way Rev. Henry F. Brooks characterizes the Methodist World's Fair from which he recently returned in Columbus, Ohio. It came as a climax to the Centenary, toward which Southern Methodism has contributed more than \$54,000,000. The Vernon church was next to Amarillo which lead the Northwest Texas Conference, pledging about \$70,000.

The fair covered 112 acres. Concerning it Rev. Brooks says:

"When the leaders of the church remembered that the first Methodist Missionary Society was really begun in 1819, the general plan of the Centenary movement began to take form.

"Recognizing the Centennial occasion as one of similar interest to both the great branches of the Church, the desirability of a joint celebration was evident and united Methodism undertook the task when the joint commission was formed at Baltimore. From this commission came the general plans, based on the fact that in April, 1819, John Stewart, a converted black man of the South, felt called to preach to the Indians. He went to the Wyandotte tribe where is now Upper Sandusky, Ohio, and preached with such power that scores of the Indians accepted Christ.

"The next year the Church sent the Rev. James B. Finney to survey the situation and report his findings. Rev. Finney not only reported favorably to the Church, but he also reported the possibilities to our Government, and President Monroe gave permission to found a mission and referred the preacher to John C. Calhoun, then Secretary of War. Secretary Calhoun asked for an itemized statement of expenses for establishing the mission and when this was furnished gave the Government's check for \$1,333.33.

"Pledges Amount to \$164,000,000.

"When a League of Intercession was authorized by the Joint Commission, several million Methodists the world over leagued together to pray for a larger vision of the world's needs and a passion for leading men to Christ. The Commission felt that Methodists must be led to deny themselves of pleasures and comforts; therefore there must be a league of stewardship. They felt that a forward movement was necessary and money was needed; therefore there must be a league of tithers. Today more than one million Methodists have vowed to pay at least one-tenth of their income for the evangelization of the world.

"When the Commission met, a proposition was made to raise \$1,500,000 in both churches. Business men present, among them Secretary Daniels, said 'you cannot raise it; it is too little to appeal to men.' After prayer and consultation the Church North accepted \$80,000,000 as its quota, and our Church \$35,000,000, to which Canadian Methodists added \$20,000,000. Pledges already reported amount to more than \$164,000,000 for missions. Our own Southern church has laid on the altar over \$54,000,000 for missions. This Centenary gift is the largest sum of money ever offered by any people for carrying out the Great Commission of our Lord.

"The awful world war, its suffering and devastation, brought a new item in our curriculum of obligations—reconstruction; and the Commission felt it necessary to take an invoice of what we have. It was found that there are 25,000,000 Methodists; that both churches of the Church have missions in every country; and that the \$2.00 subscription was planned. \$2.50 for the display of the \$3.00 subscriptions are common, but \$2.00

a fair of spiritual resources was unknown. This the Church undertook, not that it might boast of its accomplishments but that our people might see and be inspired to greater activities in the service for God and man.

Columbus a Church Center.

"Columbus was chosen because of its central location, and again because it is perhaps the greatest Methodist community in the world."

"On entering the Centenary grounds one was attracted by three great signs, shining blood red by day and bright as the sun by night. They are: 'The Methodist Centenary 1819-1919,' 'The Church Expects a Million Tithers,' and 'This Means a Great Revival.' Prayer Releases Power."

"Back of these signs stands Wesley Hall, administration building, where are the offices of the leaders of both the Northern and Southern Church, department offices, information desks, etc. Next stands Asbury with rest rooms, places to meet friends, the Book Concern, a hospital where the sick were cared for and maps and charts showing the awful ravages of disease the world over.

"Child welfare rooms were provided with maps and charts of how the world cares for childhood, and here mothers visiting the Centennial brought their babies to be cared for by competent nurses. In the room of the American Bible Society records of every Church, North or South, might be seen. Back of these were dining halls operated by the churches of all denominations in Columbus, where meals were served at reasonable prices.

"In the grand stand with a seating capacity of 60,000, lectures were given through the day, and at night moving pictures of world conditions were shown. The frame for the pictures was 165 feet high by 135 feet wide. The screen was 115 feet square, being the largest in the world.

"Near this grand stand was the Building of Nations. There was America, China and other Asiatic nations, the Philippines, Latin American countries, Cuba, Alaska, Greenland, South American countries, and most of the nations of Europe. Another section represented the Island, including Australia, and another Africa. Here could be seen the work done in mission schools, charts, maps, records, industries, and a native school conducted by the missionaries. There were religious services by the natives, and sermons on the various countries. There were mosques and idols and services showing how idols are worshipped in various lands.

2,500 People Present Pageant.

"Every day from 10 to 11 o'clock evangelistic services were held, where the leaders of Methodism preached, the big coliseum in the center had a seating capacity of 8,000 where men of national fame were heard. At night the Centennial pageant, 'The Wayfarer' was seen. World critics pronounce this equal to the 'Passion Play.' The City of Columbus wants to buy this play and stage it every ten years. It was written by Rev. J. E. Crowther, a Methodist minister of Seattle, Washington, and staged and set to music by Wm. J. Kraft. There are 2,500 people in it, a symphony orchestra of 100 pieces, a trombone band of the same number, and a choir of 1,000 voices.

"The pageant is the story of a 'Wayfarer' who concluded, when the horrors of world war came, that God had forsaken the world, that the church had failed. This is answered by a woman named 'Understanding' who comes singing songs of redemption. She is followed by the prophets, who tell of the

coming deliverer; then Jesus appears and His life and work are shown. Then follow His crucifixion, resurrection, and ascension. Jesus is never shown in person, always being represented by a cross.

"Then the Great Commission is blazoned in the sky and the Methodist missionary starts evangelizing the world. The last scene shows the cross again in the sky and from it drops a wreath of thorns and the nations who have heard and accepted Christ come from all directions, and 'Hail into the heavens a crown of glory and crown Christ King of Kings, while the orchestra and band play and the thousand-voiced choir sings 'All Hail the Power of Jesus Name.'"

"The scene is so real and the music so uplifting that one looking cannot keep his seat. The great audience rises as one person, and with eyes lifted to the skies, hearts rejoice and lips quiver,

as if to cry, 'At last Jesus wins, and men may have victory through Him.'"

PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

A PLEA FOR SMALLER FARMS.

A realization of T. N. Marcum's plea for smaller farms and better cultivation would be Wilbarger county's best insurance for permanent prosperity. Mr. Marcum threshed 32 bushels of wheat to an acre after he had tried hard to graze the grain down earlier in the season. His land had been thoroughly prepared.

Last year a few men made reasonable yields of feed and cotton, despite an unprecedented drouth. These men were, with few exceptions, those who had small acreage, or in any event had practiced intensive cultivation.

Intensive cultivation always means larger acre yield.

The benefits of smaller farms are apparent. Smaller farms would mean more citizens, more home owners, more community life. Home owners and community would mean more citizens, more zenship, more civic pride, more thrift and more individual bank accounts.

These are the factors that make for the finest prosperity.

VERNON MUST BUY.

Both Tolbert and Oklaupion are exceeding Vernon in the sale of Thrift Stamps and Savings Certificates. This is certainly commendatory to the former, but no person can be proud of Vernon's record.

Despite the fact that our bank deposits have increased more than half a million dollars since March 12, and notwithstanding our pledges, purchases of Thrift Stamps and Certificates at the Vernon Postoffice have been pathetic in their niggardliness. And a number who have bought Thrift Stamps sufficient to enable them to exchange these for War Savings Certificates have immediately called on the Government to cash their purchases.

Surely Vernon people have too much respect for their pledges and too much pride in their good name to stand near the bottom of the list in the purchase of War Savings and Thrift Certificates.

It is evident that nothing will be done at this session of the Legislature toward redistricting Texas. Governor Hobby has been strangely silent on the subject, although one State Senator represents more than three times as many individuals in this district as in many of the down State districts. This situation will be remedied in time, even though Governor Hobby prefers to leave it as it is.

Rayland, July 18.—(By special correspondence.)—Rev. E. R. Tharp filled his appointment at the Methodist Church Sunday morning.

B. P. Abston and family spent Saturday night and Sunday in Thalia with relatives.

Ed Armstrong, and Mrs. Lila Slappy visited in the Doans community last Thursday.

Several of the young people took dinner with Miss Lida Webb Sunday.

John Thompson and Miss Bell Abston of Thalia, were visiting in Rayland Sunday afternoon.

Those from Rayland who attended the unveiling at the Thalia cemetery Sunday were: W. A. Walker and family, Mr. and Mrs. G. T. Key and son, Olin, Clyde Lawhorn, Allen and Bryan French, Ben Haney and Bob Price.

Clinton Crisp returned Monday morning from Wellington, where he has been visiting friends for a few days. Mr. Crisp will leave in a few days for Olin, in Lamb county to help his brothers thresh their wheat crop.

Misses Clyde and Hudia Lawhorn were in Vernon Saturday shopping.

Claude Bildestine of Parsley Hill, spent last Friday and Saturday with his sister, Mrs. T. T. Beazley.

Mr. Bildestine, well known in the Rayland community, received an honorable discharge from the army a few days ago. Every one is glad to welcome him back. While in France he went over the top several times.

The big rain that fell Tuesday night and Wednesday morning will stop the threshers for a few days, but will be a great help to the row crops and gardens.

Mr. and Mrs. T. T. Beazley and little son, spent last Sunday with Mrs. Beazley's parents, Mr. and Mrs. L. Bildestine, of the Parsley Hill community.

Arnold Young was in Vernon Tuesday on business.

Mrs. E. I. Edwards left Thursday for Bowie to spend a few days with her daughter, Mrs. Jesse L. Remels.

W. A. Walker and family motored to Vernon Saturday afternoon.

White City News.

White City, July 18.—(By special correspondence.)—The cotton and corn are fine all over this part of the country. Some corn would have made without any rain, but the larger part of it and feed stuff was beginning to suffer when the rain fell yesterday. Most every one is getting through with cotton chopping.

A very large crowd attended Sunday school Sunday morning and prayer meeting Sunday night. There will be preaching service by the pastor next Sunday at 12 o'clock, following Sunday school at 11 o'clock. Also prayer meeting and preaching Sunday night.

C. J. Thompson has purchased a Ford car.

Mrs. Lloyd Bell and Misses Luna Killingsworth and Barbara Hardage visited Una Mae Adams Sunday.

Mr. and Mrs. J. B. Gannitt and two children were visiting relatives in Chillicothe Sunday.

Those from this community in Vernon Saturday were: M. A. Mayfield and son, Grady; Arthur and Fannie Gannitt, S. E. Floyd and family, May Coffey, Mr. and Mrs. Perry White, Mrs. Ward and children, Rev. J. B. Hughes, Mr. and Mrs. S. E. Hite, Dewey Hite, E. Killingsworth and daughter, Luna, Mr. and Mrs. Lloyd Bell, J. M. Knapp, J. H. Adams and little son, and Carrie and Una Mae Adams, Mr. and Mrs. Raymond Olive, J. T. J. Dunson, Seymour and Mark Dunson.

Mr. and Mrs. J. H. Adams visited Mr. and Mrs. L. A. Anderson Sunday.

Mrs. Lee Armstrong and children of Doans and Mr. and Mrs. J. M. Knapp visited their parents, Rev. and Mrs. W. W. Adams Sunday.

H. H. Box and wife and Mrs. Brinkley were at Tolbert Saturday.

A nephew of R. L. and Raymond Olive is visiting them from Texarkana. J. R. and Perry White have been threshing the wheat crop of this vicinity, but owing to a break-down have been unable to operate their machine until necessary pieces can be obtained.

R. A. January was in Oklahoma from Thursday until Sunday.

Minor Starr of Vernon is chopping cotton for his uncle, W. B. Germany.

Misses Marianna and Emma Lou Covert and Algie Starr left Thursday for an extended stay at Galveston.

A large attendance is urged to be present at Sunday school next Sunday

morning as we wish to decide when and where to have a Sunday school picnic.

Nation Faces Critical COAL SHORTAGE

SAYS THE U. S. GOVERNMENT

BUY YOUR COAL NOW

Coal production has fallen off to an alarming extent. This is due to a combination of causes. **NO INCREASE IN OUTPUT IS POSSIBLE WITHOUT QUICK ACTION BY COAL CONSUMERS.**

Coal can not be produced and held in huge quantities at the mines awaiting the convenience of buyers. It must be **MOVED** as fast as produced and kept **MOVING** until it finally reaches the consumer.

During the past two years we have been confronted with a **COAL SHORTAGE**.

In 1917 it embarrassed our conduct of the war, **SHUT DOWN** factories, **LEFT** cities in darkness, **SHORTENED** the working hours of public utilities and caused **GREAT** suffering in many homes.

In 1918, in response to government appeal, consumers bought their coal during the **SUMMER MONTHS**, and as a result of their action and the patriotic and superhuman effort on the part of operators and miners, the **GREATEST PRODUCTION** in the history of the country was achieved—namely, 585,000,000 tons. Thus a shortage was averted.

In 1919—the present year—we face this situation:

Requirements for the year (Government estimate).....	530,000,000 tons
(55 million tons less than 1918).....	30,000,000
Stocks on hand January 1.....	500,000,000
Coal production required for 1919.....	195,000,000
Coal produced January 1 to June 14, 1919.....	305,000,000 tons
Quantity to be produced during remaining 28 weeks.....	8,120,000 tons
Average weekly production first 21 weeks.....	10,900,000 tons
Average tonnage which must be produced weekly during coming 28 weeks.....	

To meet the requirements of the country, production of the mines must be increased 2,775,000 tons each week!

How can this be done?

By buying your coal now. This is the **ONLY** way to increase production.

If production is not stimulated **NOW**, somebody will have no coal this winter.

Will it be you?

Do not think we are alarmists. The figures quoted above are accurate. They are the **OFFICIAL** figures of the Geological Survey of the United States Government.

Your Government Warns You.
Dr. H. A. Garfield, United States Fuel Administrator, has issued a statement to the public as follows:

"Buy now—in August or the Autumn will be too late. A big **COAL SHORTAGE** is coming. Thousands of miners are going back to Europe. Coal production has fallen back to a **shortage** of many millions tons to Europe. Coal production has fallen off considerably and a **shortage** of many millions tons looks probable. My advice to consumers is to buy **NOW** while they can get a selection and delivery. I feel bound to say that as I see the situation, we are likely to experience a **COAL FAMINE** in the Fall."

These are all facts. Consider them.

Quick action being so apparent, we can not urge too strongly that you buy your coal **NOW** so as to be sure of having it next winter.

VERNON NEGRO IS AFTER RING HONORS

LEE J. HULL TRAINING FOR HEAVY-WEIGHT BOXING CHAMPIONSHIP.

Vernon will become world famous among fight fans, if the aspirations of Lee J. Hull are realized. And Lee is sanguine that they will be. In a commutication to 'The Record,' the black man says he will begin active training at once for heavy-weight championship of the boxing world.

Lee is thirty-six years old, and weighs about 194 pounds, while doing hard work. He was with Roosevelt's famous troop of Negroes in the San Juan Hill fight, having been wounded at that time.

Seven years ago he won a "battle royal" in Waco, and has had considerable experience as an amateur boxer, but gave up the idea of becoming a professional, temporarily, five or six years ago, on advice of his trainer, because his wound was bothering him.

Lee says he has a number of white friends who are backing him. He has never been knocked out in a fight.

Elliott News.

Elliott, July 18.—(By special correspondence.)—Rev. R. V. Tooley of Vernon preached at the Methodist Church at 11 o'clock Sunday. Mrs. W. T. Hutchins gave the young folks a singing Sunday night.

Threshing has been progressing nicely during the fair weather and row crops will be greatly helped. Some feed stuff had begun to burn close to the ground. It had been over four weeks since any rain had fallen until yesterday.

A new store has opened up at Elliott. Tom Hutchins sold a house and lot in Elliott to a Mr. Billington.

Floyd Hutchins, who is working at Mr. Rains' threshing, had the misfortune to run a pitchfork into his left hand, causing a painful wound.

Henry Raines has returned home having received his discharge from the army.

A new oil derrick is being put up on B. B. Taylor's farm two and one half miles south of Elliott.

Mrs. Charley Floyd went to Childress Monday afternoon to visit awhile with her mother.

FREE PROOF TO YOU

Not One Penny Will RICH-TONE Cost You If It Doesn't Prove of Genuine Worth in YOUR CASE.

You are to be the judge—try this famous tonic—if it doesn't bring to you new energy, a splendid appetite, restful sleep, peaceful and quiet nerves—if it doesn't destroy that tired feeling and build you up, then Rich-Tone will be free to you. It will not cost you anything—NOT ONE PENNY.

YOU OWE IT TO YOURSELF to try his marvelous remedy. YOU OWE IT TO YOUR FAMILY AND FRIENDS to be strong, well, happy, bright of eye, brisk of step, ruddy of cheek, able to go about your work with a smile on your lips!

On each bottle is plainly printed, "Money cheerfully refunded if not entirely satisfactory," and your own local druggist will let you try Rich-Tone on this money-back guarantee.

One user says, "I was run down after a bad case of 'flu.' Was in bed four months and under the care of five doctors, had nervous prostration and could not sleep and ate very little. I got a bottle of your wonderful tonic, Rich-Tone, and am now eating three times a

day and I sure sleep sound. I can't say enough for your wonderful tonic, Rich-Tone. It is worth its weight in gold. It has saved me \$50 or \$60 as I was going to Mineral Wells, but I do not need to go now, thanks to Rich-Tone."

Rich-Tone makes more red corpuscles, enriching and purifying the blood. It contains all of the elements that are needed most in maintaining strength and vigor. Rich-Tone rests the tired nerves, restores appetite, induces healthful sleep—it gives you all those things which mean energy and well-being. Get

Notice to Stockholders.

It has come to my notice that stock in the Vernon Oil Development Company is being sold at less than its value. I feel that this is being done by reason of some unfriendly influences. Any man who owns stock has a right to sell it at any price for less than he paid for it, this is notice that I have gone on record as advising against it. So that if at any time in the future these men find they have made a mistake they will have no right to criticize any of the Vernon Oil Development Company organizers.

I have the report of a geologist on this property, in connection with an entirely different proposition—employed in connection with a different proposition, but his findings are more favorable even than any previous report.

The money is in the bank for drilling, and your stock is worth just as much as when you bought it. The sale of stock can't hurt the company, although it may hurt the individual who sells.

EVER SALIVATED BY

CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It cracks into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

FROM the first bubble of gasoline in the morning to the last drop at night, the economy of the Buick Valve-in-Head motor delivers a daily mileage of surprising value.

There is no question about it—the Valve-in-Head principle as designed in Buick construction is built to give an unusual mileage with assurance of continuance from the beginning to the ending of years of use.

And with economy molded together with Power—Quality and Value—makes the Buick Valve-in-Head a dependable car—as well as reliable.

Ask your local dealer to show you these advantages and you will become more thoroughly convinced that it is the car for which you have been seeking

Announcements.

Announcements for the First Methodist Episcopal Church, South, of Vernon, for Sunday, July 20th: 9:45 a. m., Sunday school, L. G. Hawkins, superintendent. A class for every one, a class for you. Come and enlist. 11 a. m., sermon by the pastor, subject, "The Pre-eminence of Jesus Christ." 8 p. m., Epworth League, Edgar McHugh, president. An interesting program for the young life of the church. 8:45 p. m., sermon by the pastor, subject, "Passing Through Samaria." We most earnestly urge upon the membership the necessity of being present. On these busy and trying week-days, you need the beneficial results coming from worship in God's house on the Sabbath day. We very cordially invite all others who may so desire to worship with us. We shall try under the leadership of our Lord to make our services restful, helpful and inspiring. We are hoping to have our room cool and refreshing and to this end we will try the experiment of forcing ice-cold air into the audience room. Come and try the experiment with us. Our aim is not alone to preach the word in power and simplicity, but to add comfort and convenience in hearing that word. Lend yourself to the service of your Lord next Sunday.

HENRY F. BROOKS, Pastor.

First Baptist Church.

Sunday School 9:45.
B. Y. P. U. at 7:30.
Prayer Meeting at 8:30 Wednesday evening.
Preaching at 11 and 8:45 next Sunday by the pastor.

PORCH AND LAWN GOODS IN VARIETY

Outdoor Furniture will help you to endure this hot weather. You will find just what you want at Youngblood's. Get one of these good Old Hickory Porch Sets; get out on the porch after supper and see how much cooler you will feel. Better still, buy a Lawn Swing, and get out in the yard, where you can breathe pure, fresh air and note how much better you feel in the morning. We are showing some very pretty patterns in Porch and Lawn Swings, Porch Rockers and Settees. In fact, we are at all times looking out for the comfort and pleasure of our customers. Remember we still have plenty of the famous WHITE MOUNTAIN REFRIGERATORS. The box with a chili in it. You will find in our mammoth stock most anything you may want for less money than you pay for the same goods at other places. We extend to you a special invitation to visit our store where you can find what you want at the price you wish to pay. Respectfully,

TYPHOID FEVER

Insure your health against typhoid fever by taking the "Prophylactic Treatment." Statistics prove that this treatment is almost a specific against the typhoid germ, for which reason it was made compulsory in the camps of the U. S. Army.

We have a complete supply of fresh Biological products and they are kept at the prescribed temperature to insure their potency.

Just call for "a package of Typho-Immune" and have your physician administer it.
